BELFAST MILL

Dm   F   Bb   C

```
       F                              Dm
At the east end of town at the foot of the hill
            C                          Bb      F
There's a chimney so tall, it says 'Belfast Mill'
  F                             Dm
But there's no smoke at all coming out of the stack
C                            Bb      F
For the mill has shut down and it's never coming back
```
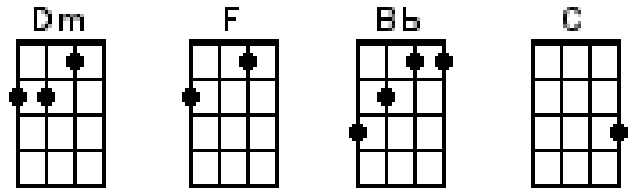

CHORUS

```
 F                                    Dm
   Andthe only tune I hear is the sound of the wind
          C                                Bb              F
   As she blows thru the town, weave and spin, weave and spin

       F                        Dm
There's no children playing in the dark narrow streets
          C                          Bb      F
For the loom has shut down, it's so quiet I can't sleep
```

CHORUS

```
     F                       Dm
The loom has shut down, 'twas the only life I know
             C                        Bb      F
Tell me where will I go, tell me where will I go?
```

CHORUS

```
     F                       Dm
I'm too old to work and I'm too young to die
          C                Bb      F
Tell me where will I go, my family and I?
```
