[Am] Dig if you will the [G] picture
 Of [Em] you and I engaged in a kiss [Am]
 The sweat of your body [G] covers me
 [Em] Can you my darling [Am] can you [G] picture [Am] this?

Dream if you can a [G] courtyard
 An [Em] ocean of violets in bloom [Am]
 Animals strike [G] curious poses
 [Em] They feel the heat, the [Am] heat between [G] me and [Am] you

Chorus:

How can you just leave me [G] standing?
 A[Em] lone in a world that's so cold? [Am]
 Maybe I'm just too de[G]manding
 [Em] Maybe I'm just like my [Am] father[G] too bold
 [Am] Maybe you're just like my [G] mother
 [Em] She's never satis[Am]fied
 Why do we scream at each[G] other
 [Em] This is what it sounds like [Am] when [G] doves cry

Interlude

[Am] Touch if you will my [G] stomach
 [Em] Feel how it trembles in[Am]side
 You've got the butter[G]flies all tied up
 [Em] Don't make me chase you [Am] even [G] doves have [Am] pride
